FROM: Pamela K. Borowski, Supervisor

SUBJECT: Monthly Flat Grant Increase in GA-TA

Effective February 1, 2011, the City of Champaign Township's General Assistance-Transitional Assistance Office will increase the monthly flat grant amount from \$225.00 per month to \$245.00 per month.

This increase is accordance with the state statutes and regulations that now require Townships to allocate the monthly amount of \$245.00 to General Assistance-Transitional Assistance clients.

Because the Township has worked diligently over the past eighteen months to reduce spending and to insure that our budget is under control, we have allocated sufficient funds for our GATA program. This insures that paying the state required monthly flat grant will have no negative affect on our overall budget.
