Supervisor Quarnstrom briefly noted the start of the CU At Work program, success of the program, continuing to work out issues to be followed by a press release, and the program being a great opportunity for the community and its' workers. In addition, he briefly noted the GATA report reflects the increase in rental assistance, trying to meet a housing demand in the community, effectiveness of the program with similar programs operating at Cunningham Township and the County, and the extensive vetting process for program. Finally, he noted missing the meeting last month because of his attendance at the National Local Board of Health meeting, as a nominee member, from the Champaign Urbana Public Health District.
