Recently, Nicole was an integral part of securing a grant from the CU Schools Foundation to promote education within the READY program about urban ag & farming!

**IMPACT OUR GUESTS DIRECTLY BY
DONATING THIS WINTER SEASON!**

Another Day, Another Guest Housed!

This guest is near and dear to Strides' heart, as he has been with us since day one of sheltering. He joined us with the help of Warren, Executive Director of Street Outreach Movement, after being unsheltered for an extended period of time due to a lifetime ban at another shelter. Previously, he struggled immensely with his mental health and was unable to care for himself to an extent.

He has gained a tremendous amount of autonomy back through the work he has done during his stay at the shelter. We'll miss him, but we look forward to his continued success in the future!

Restored use of Transit Services

Obtained a new Social Security Compensation Payee

Created and has sustained a mental health regiment

Thank you to who all contributed to this guest's success! Street Outreach Movement, Patricia (case manager of Strides), MTD, Promise Healthcare, and TLT Properties
